

## About the Course

---

This course aids individuals in preparing for NICET Fire Alarm Certification (which is recognized by the **NEW JERSEY DEPARTMENT OF COMMUNITY OF AFFAIRS**) for department certification as a *Certified Fire Alarm System Contractor*.

Consisting of 16 hours of classroom instruction, this course will cover technical and non technical subjects included in the NICET Level I & II Fire Alarm Certification Level II Fire Alarm Exam.

Students may receive individual attention and questions are encouraged in a relaxed learning environment. This is not one of those boring slide show lectures! A sample test will be given.

This course is eligible for 1.6 CEU's towards NBFAA NTS Certification Renewal.

### Who Should Attend:

- Designers of automatic fire detection and fire alarm systems
- Individuals preparing for NICET in engineering in the field of fire alarm systems
- All individuals involved in the sale, installation and maintenance of automatic fire detection and fire alarm systems

### Recommended Prerequisite:

- Basic knowledge of fire alarm systems
- A minimum of two years work experience in the fire alarm field

### Course Materials Provided:

- Student workbook and reference manual NFPA 72, *National Fire Alarm Code*,
